SUMMARY

To contribute effectively to the organization's success by applying my skills, learning new technologies, and working with dedication, while fostering my personal and professional growth.

TECHNICAL SKILLS

Languages: Java, JavaScript, HTML, CSS

Frameworks: Spring Framework, Spring Boot, JUnit

Database: SQL

Methodologies: Agile, Waterfall (SDLC)

EXPERIENCE

Tarcin Robotics LLP

Jan 2024 – Mar 2024

IoT Developer Intern

Madurai, India

- Designed a home monitoring system using IoT sensors for enhanced household safety.
- Developed object detection system for UAVs using OpenCV and machine learning.
- Integrated cloud storage and real-time alert systems.
- Strengthened skills in IoT, machine vision, Python, and hardware interfacing.

Zetspire Technologies Pvt Ltd

July 2023

Technical Intern

Remote

- Designed and prototyped smart IoT devices using sensors and microcontrollers with MQTT/Bluetooth protocols.
- Streamlined device-to-cloud communication and visualized real-time sensor data.
- Conducted data analysis using Python and Excel for performance improvement.
- Worked in agile teams and gained embedded systems exposure.

PROJECTS

Fruit Classifier and Health Detection System | *Python, TensorFlow, RNN*

- Used RNNs to classify fruit ripeness and health condition from image data.
- Trained models using TensorFlow/Keras and applied data augmentation.
- Demonstrated deep learning application in agriculture and retail.

Local Shops Location Finder | *JavaScript, Google Maps API*

- Developed a web app to locate nearby shops using Google Maps API and JavaScript.
- Enabled filtering, real-time directions, and responsive UX.
- Focused on efficient API usage and load time optimization.

CERTIFICATIONS

Java Programming (ISOFT) – Java, Spring, Spring Boot, JUnit (July 2025)

Cloud Computing (NPTEL) – Cloud architecture, virtualization, SaaS, and security (2023)

AWS Web Services (RECSSAR) – Exposure to EC2, S3, Lambda, IAM, and automation

TOOLS

Development Tools: Visual Studio Code, IntelliJ IDEA, Postman, MySQL, Git and Github, MS office

EDUCATION

B.Tech in Information Technology

2021 – 2025

CGPA: 7.987

Madurai, India

Higher Secondary (HSC)

2020 – 2021

Percentage: 88.35%

Sivaganga, India

Secondary School (SSLC)

2018 – 2019

Percentage: 87.8%

Sivaganga, India
